

## Press release

### ***ORTEMS Agile Manufacturing Solution Achieves Certified Integration with SAP® Supply Chain Management Application***

**Lyon, France, June 29 , 2010**

ORTEMS, a leading provider of planning and scheduling solutions, today announced its ORTEMS Agile Manufacturing Solution 7.40 has achieved certified integration with the SAP® Supply Chain Management (SAP SCM) application. The solution has been proven to integrate with SAP solutions, providing the ability to synchronize the production planning in ORTEMS.

The SAP Integration and Certification Center has certified that ORTEMS Agile Manufacturing Solution 7.40 integrates with SAP SCM 5.1 to exchange critical data with instances of SAP Business Suite software. With ORTEMS Agile Manufacturing Solution, ORTEMS has demonstrated the capability to download a list of work orders from SAP SCM and upload the changed work orders.

“This new certification is in keeping with our strategy to support customers also using SAP solutions,” said Jean Luc Badoc, chief technical officer, ORTEMS. “In fact more than half of ORTEMS’ users around the world are also users of SAP applications. Our new certification will enable us to continue to appeal to even more customers and consolidate our robust strategy to offer complementary solutions in support of SAP applications. Moreover, we’ve received favourable input from our installed base of our commitment to deliver best-of-breed solutions interfaced with the SAP SCM and SAP ERP applications.”

As a result of the certified integration, customers can effectively take advantage of the interoperability provided between ORTEMS Agile Manufacturing Solution 7.40 and SAP SCM

## **About ORTEMS**

*ORTEMS, a leading provider of manufacturing planning and detailed production scheduling solutions, offers innovative solutions based on agile manufacturing concepts. The ORTEMS Agile Manufacturing Solution complements ERP systems due to the power of its finite capacity optimization engines, the efficiency of its models for dynamic synchronization of production flows, and the quality of its certified integrations with ERP and MES systems. ORTEMS provides a dynamic, comprehensive model that integrates the performance of its synchronized MRP technology, which enables customers to obtain optimal customer service rates in a pull-planning production environment.*

*ORTEMS solutions are currently used by thousands of customers in more than 40 countries, including Arcelor-Mittal, Rio Tinto Alcan, Alstom, Areva, DCNs, EADS, Givaudan, Johnson & Johnson, Knauf, Liebherr Merck, Michelin, Nestlé, Nexans, PSA Peugeot Citroën, Prysmian, Rhodia, Ricoh, Sanofi-Aventis, Thales, Seb, Total, Valeo and Wyeth.
